

FREE ONLINE PROPERTY ASSESSMENT

Do you want to know how to extend your home without a visit, sale or any obligation?

We have an office full of architectural designers, architects and technicians with over 100 years combined knowledge in the design and building industry. We have a vast range of residential and commercial design, planning, building regulations and build management experience.

WHAT'S INCLUDED

- Free Expert Advice
- Design Ideas & options
- Estimated Build costs
- Planning Advice
- Feasibility Assessment
- Planning Requirements
- Building Control Issues

Just answer a few simple questions and send us some photos.

Questions

1. Whats the address of the property?
2. What are you wanting to do? eg, single storey extension, loft conversion
3. Roughly what size do you want?
4. Where do you want to build? eg, side of property, rear of property
5. Do you need internal design for anything such as kitchen / furniture plans?
6. Do you have any special requirements that could effect the design?

As well as answering the questions please send us some photos of the affected areas inside and out, include anything that could be significant like drains, tree, meters, pipes, steel beams.

Send your photos by email, WhatsApp, Facebook, google drive link, shared drive etc and if you're having problem please let us know and our technical support team will advise.
